# Crisis knowledge to kindergartens

Jaanika Klopets

Chief specialist

**Tallinn Municipal Police Office** 

## Why kindergarden?

- By starting with prevention in kindergarten, we can prevent large costs in adulthood
- The goal of preschool education is to support children's individuality, creativity and learning through play. To support a child's well-being and learning, a parent can consciously guide a toddler's development and natural desire to learn through talking, playing, and teaching simple skills. (OECD 2018)

## Mupo crisis prevention activities for kindergartens

- <u>https://www.youtube.com/watch?v=UKbOBQTvRRo</u>
- Objective: Participants know that they must be prepared for dangers and have various emergency supplies at home

#### • Learning outcomes:

- Knowledge of various hazards and risks
- Knowing what essential services affect my and my family's ability to survive at home
- Knowing the supplies you need for your home
- Understanding that preparing your family and home for emergencies is important
